# THERE'S MORE TO LOVE ABOUT A ZUGELTER CUSTOM HOME.

*Imagine your pride in owning one.*

Since 1984, those who expect the best have found it in a Zugelter Construction custom home. Today the second generation of Zugelters are continuing that tradition by raising the bar on custom home construction.

You'll see it reflected in our...

- Exceptional luxury
- Meticulous craftsmanship
- Superior appointments
- understated elegance
- Extraordinary personal service

While every home we build is as beautiful as it is luxurious, our clients know that a Zugelter custom home is superior in more than just appearance.

## OLD SCHOOL EXCELLENCE

The Zugelter team of seasoned professionals has come up through the ranks in their special areas of expertise. Each one is experienced in meeting the stringent demands of custom-home building. And each one shares the "Old School" belief that pride in quality is key.

Our sub-contractors and suppliers know that Zugelter never compromises – on service, on materials, or on the level of excellence we deliver.

## SPECIALIZED EXPERTISE

Backed by sixteen years of expertise in Caribbean-style construction, we are specialists in building homes designed to weather storms, humidity, and other tropical climate challenges.

## BEYOND-CODE CONSTRUCTION

Every Zugelter home is built beyond code requirements – in our nailing patterns, roofing specs and more – to bring you a home as sound and durable as it is beautiful.

## SUPERB CRAFTSMANSHIP

A Zugelter custom home is a reflection of your taste, your style, your personality. It's translated through precision craftsmanship, meticulous attention to every detail, and innovative personal touches that make your home uniquely special.

## COMFORTABLE COLLABORATION

Because we believe in teamwork, Zugelter takes pride in bringing together the most qualified creative experts – from architects to interior designers. We work equally well with your own choice of professionals. Together we take the stress out of decision-making to assure a smooth transition every step of the way.

## UNPARALLELED PERSONAL SERVICE

Zugelter takes personal service personally. That means every client has direct access to our supervisory team – without pushing through layers of staff and management. It means prompt response time in attending to your questions and on-going communication updating your home's progress.

*We've built our reputation for excellence on delivering exceptional quality, client goodwill, and a track-record of success spanning two generations of Zugelter expertise.*
